

## **ADNOC Distribution celebrates first three stations in Dubai**

- Company continues growth as it opens new Dubai stations
- Service stations located in Dubai Investment Park, Umm Eselay (Al Ain Road) and Al Muhaisnah

**Dubai, UAE – January 30th, 2019:** ADNOC Distribution, the UAE’s largest fuel and convenience retailer, has today celebrated the opening of its first three service stations in the Emirate of Dubai, located in Dubai Investment Park (DIP), Umm Eselay and Al Muhaisnah. ADNOC Distribution operates in all seven Emirates.

Speaking at the event, ADNOC Distribution Acting Chief Executive Officer Saeed Al Rashdi said: “ADNOC Distribution’s entry into Dubai is our opportunity to showcase to customers our great service and products. I would also like to acknowledge our partners in these three stations, the Investment Corporation of Dubai (ICD), with whom we worked closely to enter the Dubai market.

“Dubai is a vibrant and dynamic city, and as a market it offers enormous potential for further expansion. Today is just the beginning of our journey in Dubai, with further expansion to come inside the UAE and internationally in 2019.”

The three state-of-the-art solar-powered stations in Dubai offer customers more choice when it comes to superior fueling products (E-Plus 91, Special 95, and Super 98 gasoline, as well as diesel fuel), great customer service and the retail offering expected in an ADNOC service station. The stations all feature Géant Express convenience stores, Oasis Cafés, free Wi-Fi and Electric Vehicle (EV) chargers that recharge electric vehicles up to 80% in 20 minutes. The Umm Eselay station (located on the Al Ain Road) has five fueling islands, and customers will be able to enjoy McDonalds and Rainbow restaurants, which will open in the coming weeks. The DIP station features six islands, ADNOC Lube service, and McDonalds and KFC restaurants. The Muhaisnah station offers customers seven islands, ADNOC Lube service, and Burger King and KFC restaurants.

ADNOC Distribution will roll out its Flex service across Dubai in the coming months following an initial free trial period which will enable customers to familiarize themselves with the fueling choices.
